（GF-702 car insert fuse holder (horizontal medium car insert fuse holder))

1. Product size installation diagram

2. Product introduction

1.material: Contacts--brass, T=0.3mm; Base: PBT UL-94V0
2.terminal finish: Tin plated;
3.Practical: Medium size automobile insert fuse (**GFEFUSE®**GF-B series automobile insert fuse medium size)
4.Suitable rated current: 30A@500VAC.
5.Insertion and extraction force: 1Kg Min.
6.Dielectric Strength: Min.AC1000V.
7.Contact Resistance: Max 50m**Ω**
8.temperature rise: 130° Max.
9.Insluation Resistence At 500V DC: 100m**Ω**
10.Welding temperature: 260 ℃ 3 seconds
Attention: Product size changes are not notified
